Re: Membership termination of company Etalon as from 01.01.2009

Dear Mr. Pire,

We would like to inform you that starting from 01.01.2009 the full membership of the insurance company Etalon (code 106) in the Motor (Transport) Insurance Bureau of Ukraine will be terminated and starting from that date the insurance company Etalon will not be entitled to issue Green Cards under MTIBU's authority.

We would like to point out that Etalon will continue to carry out their obligation as for the Green Cards that have been issued by them prior to the above-mentioned termination date and the appropriate reinsurance guarantee is provided.

We will make the appropriate changes in the list of UA insurers on the website of the CoB.

Yours sincerely,

Volodymyr Romanyshyn
President of MTIBU
